

Beauty. Brains. And now more brawn.

Slim, all-in-one design

Setting the highest standards for elegance and simplicity, the all-in-one iMac packs all its components — from processor to video camera — into an astoundingly thin, anodized aluminum frame.

Faster Intel Core 2 Duo processor

At speeds up to 3.06GHz, the latest-generation dual-core Intel processors powering iMac are faster than ever, offering greater performance for everything from enhancing photos to playing games and more.

Dazzling display

The glossy widescreen display on every iMac delivers incredibly rich, vivid color. And you can configure a 24-inch iMac with a new option — the NVIDIA GeForce 8800 GS — to enjoy up to 2.2X faster graphics performance.

iLife '08: Home of your life's events

With the latest versions of iPhoto, iMovie, iDVD, iWeb, and GarageBand included, you can create a photo book, make a movie, build a blog, compose a song, and much more.

Built-in iSight camera

Have a video chat with friends or family, record a video at your desk, or take fun pictures with Photo Booth — everything you need is built right in.
