

Mac mini

www.aiscomputers.com

Small is beautiful.

Intel Core 2 Duo processor

Powered by the Intel Core 2 Duo processor, the new Mac mini is up to 39 percent faster than the previous generation.

Front Row and Apple Remote

From across the room, you can browse through all the music, photos, and movies on both your Mac mini and other computers across your network.

iLife '08: Home of your life's events

Turn special times into photo books and slideshows, Hollywood-style movies, and DVDs. And create stunning web pages, blogs, and podcasts.
